# Raman Spectra Samples in Different Applications

#### 1. Biomedical Field

Comparison of healthy gastric mucosa tissue with adenocarcinoma

### 2. Pharmacy Field

Acetone Sample

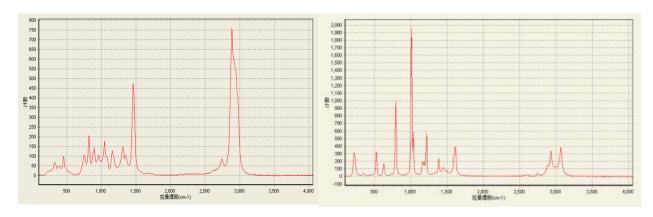

1,600 1,000

Carbinol Sample

Cefadroxil Pill Sample

Aspirin Pill Sample

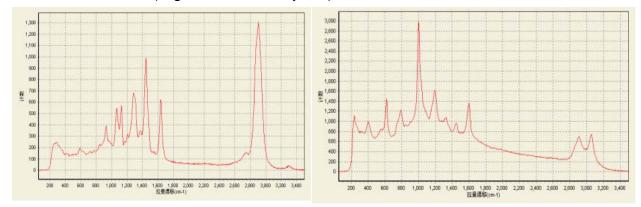

### 3. Petrochemicals Analysis

Fossil Oil Ether Sample

Methylbenzene Sample

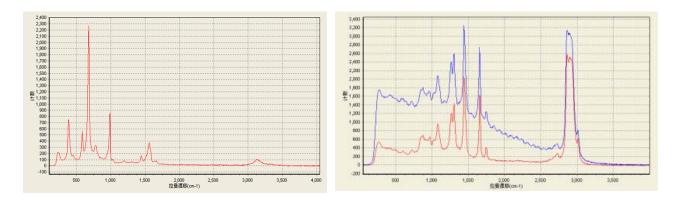

### 4. Material Science (High Molecular Polymer)

PA-6 Sample

PS-118 Sample

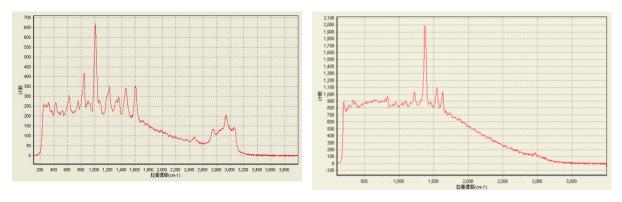

#### 5. Food Science

Melamine Sample

Corn oil samples before and after heating Red — Before Blue — After

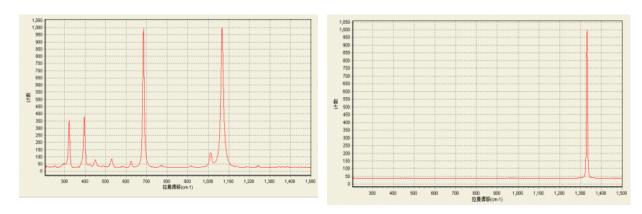

### 6. Drugs and Exploder Detection

Ice Sculpture Sample

TNT Sample

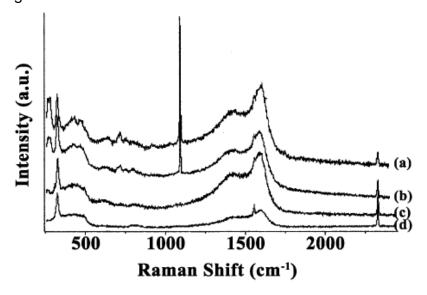

#### 7. Gem Identification

Jade Sample

Diamond Sample

## 8. Investigative and Forensic

Different Brand Inks Raman Spectrum
