

# PGL-FS Series Laser

#### PGL-FS Series Laser

The laser built-in cooling fan, no additional cooling is required. It is working at AC 100 -110V wide voltage supply and made features of uniform power density, high straightness and good stability line beam.

The user can choose from IR, red, green, blue wavelengths depending on the application and material to be inspected.

PGL-FS Series Laser with its industrialsuited design and stable performance reliability works perfectly in collimation, laser medical treatment, scientific experiment, optical instrument, etc.

#### **FEATURES**

- Air cooling
- Wide voltage supply(100-240VAC)
- Optical output power up to 150mW
- Wavelength from 405-1550nm
- · Long lifetime
- Easy operating

#### **APPLICATIONS**

- Collimation
- · Laser medical treatment
- Scientific experiment
- Optical instrument

# 中国长春新产业光电技术有限公司 Changchun New Industries Optoelectronics Tech. Co., Ltd

#### SYSTEM SPECIFICATION\*

| Wavelength           | nm           | 405        | 450     | 520       | 532      | 635-660  | 808   | 830-1550 |
|----------------------|--------------|------------|---------|-----------|----------|----------|-------|----------|
| Wavelength tolerance | nm (typical) | ±10        | ±10     | ±10       | ±1       | ±10      | ±10   | ±10      |
| Output power         | mW           | 1-150      | 1-50    | 1-50      | 1-50     | 1-130    | 1-100 | 1-10     |
| Line width           | <250mm       | 40-200µm   |         |           |          |          |       |          |
| Line width           | @1m          | <1.0mm     |         |           |          |          |       |          |
| Line angle           |              | 7°, 10°, 1 | 5°, 30° | , 45°, 50 | 0°, 60°, | 75°, 90° |       |          |
| Laser operation mode |              | CW         |         |           |          |          |       |          |
| Expected lifetime    | hours        | 10000      |         |           |          |          |       |          |
| Warranty             | years        | 1          |         |           |          |          |       |          |

Other wavelength between 405-1550nm is optional

#### **ELECTRICAL SPECIFICATIONS**

| Operating voltage(PSU-V-OEM) | AC 100                    | )-240V    |      |      |      |      |      |  |
|------------------------------|---------------------------|-----------|------|------|------|------|------|--|
| Operating voltage(PSU-I-OEM) | DC 6V                     | DC6V      | DC8V | DC5V | DC5V | DC5V | DC5V |  |
| Operating voitage(PSU-I-OEM) | DC12V                     |           |      |      |      |      |      |  |
| Modulation optional          | TTL 30kHz and Analog 0-5V |           |      |      |      |      |      |  |
| Connection                   | DB9 se                    | rial port |      |      |      |      |      |  |

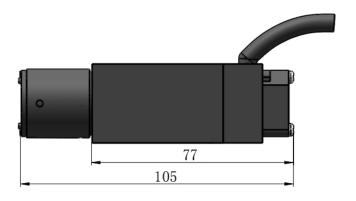

### **ENVIRONMENTAL CONDITIONS**
